

FURNISHING THE CONTEMPORARY BATHROOM

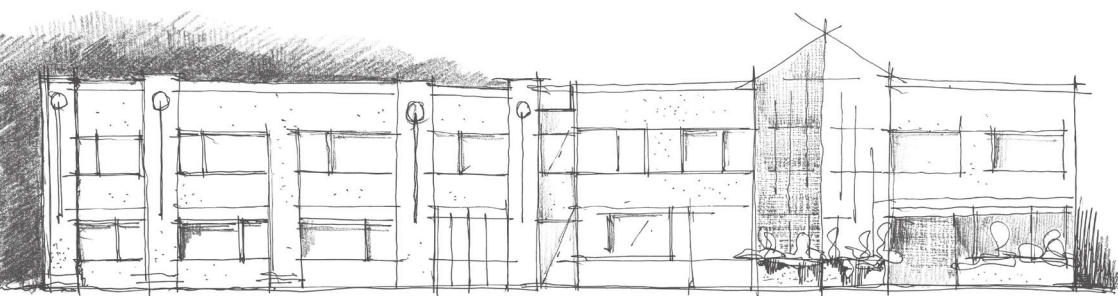

www.puntotre.com

INDUSTRIAL TAILORING AND ITALIAN
DESIGN EXCELLENCE TO TRANSFORM
THE BATHROOM INTO A DAILY
WELLNESS EXPERIENCE WITH
TIMELESS STYLE.

MILESTONES: OUR HISTORY

FROM OUR ORIGINAL HEADQUARTERS
FOUNDED IN 1984, A JOURNEY OF CONTINUOUS
INDUSTRIAL EXPANSION AND COMMERCIAL
INTERNATIONALIZATION TO BRING THE TAILORED
EXCELLENCE OF MADE IN ITALY TO THE WORLD.

1984

Foundation

Union of historic craft skills focused on
advanced bathroom furnishings.

1995

New Facility

Relocation to a new facility covering 6.000 sq m
to scale national production.

2003

Production Site Expansion

Further expansion of 5,000 sq m on
acompany-owned land plot totaling over
30,000 sq m.

TODAY

Foreign Markets and Eco-sustainability

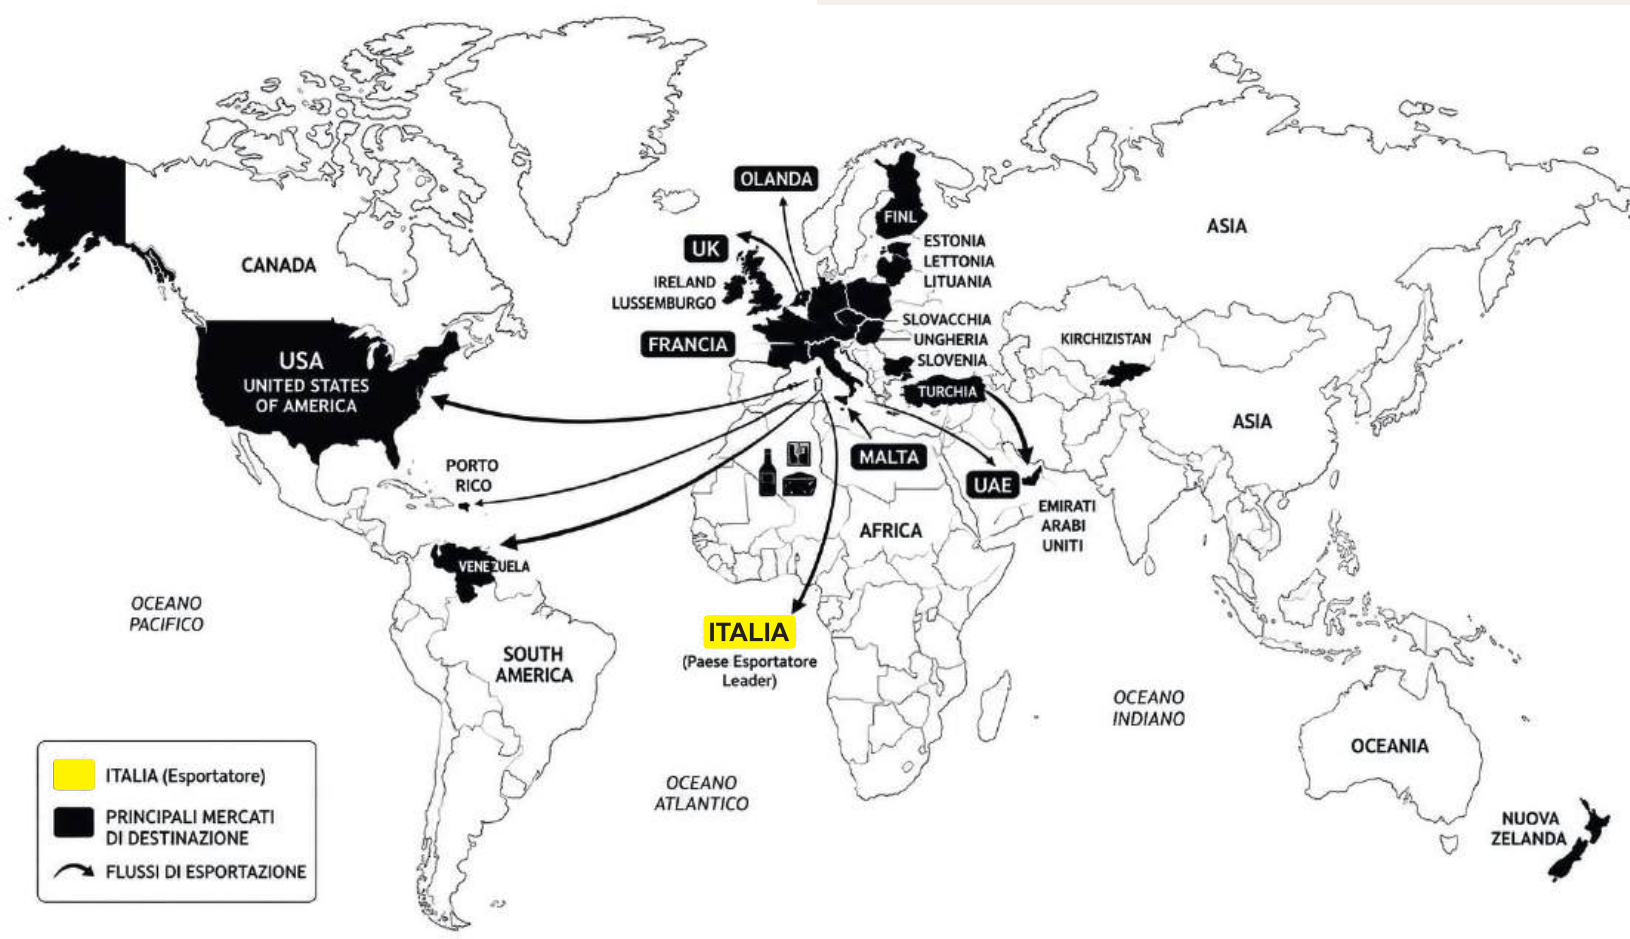

Strategic rollout and success in the USA,
Germany, France, UAE, UK, and Switzerland.
Use of eco-sustainable components.

INTERNATIONAL MARKETS

A CONSOLIDATED GLOBAL NETWORK

PuntoTre exceeds national borders by working on major residential and commercial projects of excellence, structuring solid local distribution networks in key markets.

PRODUCTION AREA

OUR INDUSTRIAL INFRASTRUCTURE GROWS TO MEET THE HIGHEST DEMANDS FOR MANUFACTURING FLEXIBILITY, LOGISTICAL EFFICIENCY, AND ADVANCED OPERATIONAL WORKFLOWS.

11,000 sq m Covered Area

Automated high-tech production, integrated logistics, and industrial precision.

> 30,000 sq m Property Grounds

Ample space for freight handling, strategic storage, and preparation for future expansions.

EXCELLENT QUALITY

HIGH-PERFORMANCE AND INNOVATIVE COMPONENTS

PuntoTre quality is tangible to the touch and remains intact over time. We rigorously select only top-tech performance raw materials, designed to effectively resist moisture and the daily wear and tear of the bathroom environment.

**Finishes suitable
for the bathroom environment**

**Selection of exclusive
scratch-resistant finishes**

High-end aesthetics

Guaranteed durability

COMMITMENT TO ECO-SUSTAINABILITY

Water-Based Paints

Drastic reduction of VOCs (Volatile Organic Compounds) to protect the environment and indoor health.

TSCA Title VI (CARB Phase 2)

Maximum compliance with strict international regulations on reduced formaldehyde emissions in composite wood.

FSC Certified Panels

Exclusive use of wood from responsibly managed and ethically controlled forests.

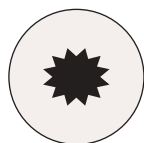

Material Recyclability

Targeted selection of regenerated raw materials and a structured design for easy disassembly and end-of-life furniture recovery.

RELIABILITY AND SERVICE

Top Suppliers

Consolidated partnerships with global leaders in components to ensure excellence in every detail:

Grass: Manufacturer of drawer and deep drawer runner systems with high-performance mechanics: high load capacity, 70,000 guaranteed opening cycles, silent operation, easy adjustment, soft-close hinges.

Cleef: World leader at the forefront of research and proposal of innovative, exclusive surfaces for melamine panels, achieving an aesthetic and tactile effect remarkably close to real wood.

Egger: Made-in-Austria panels with high quality and innovative standards: TSCA Title VI compliant (CARB Phase 2) and FSC certified.

CE & Superior Certifications

Mechanical systems tested and approved by top institutes to exceed European quality standards.

Timely After-Sales Support

Qualified assistance and rapid supply of spare parts to ensure maximum satisfaction for business partners.

On-Time Delivery

Strict internal production planning that guarantees maximum punctuality and delivery certainty.

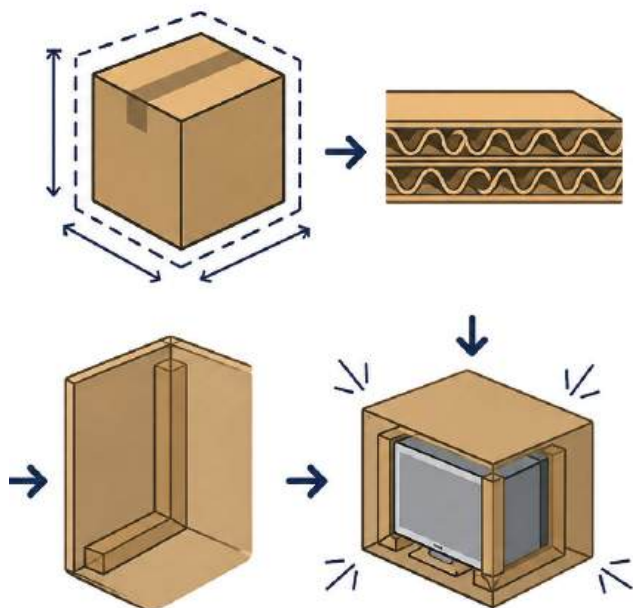

SHIPPING AND LOGISTICS

Reinforced Packaging

Custom-sized boxes for each product made of triple-wall high-density cardboard with internal rigid corner protectors to absorb perimeter impacts.

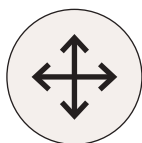

Deliveries to main distribution warehouses of our European partners.

We deliver directly to France, Benelux, Switzerland, Spain, Germany, and the UK.

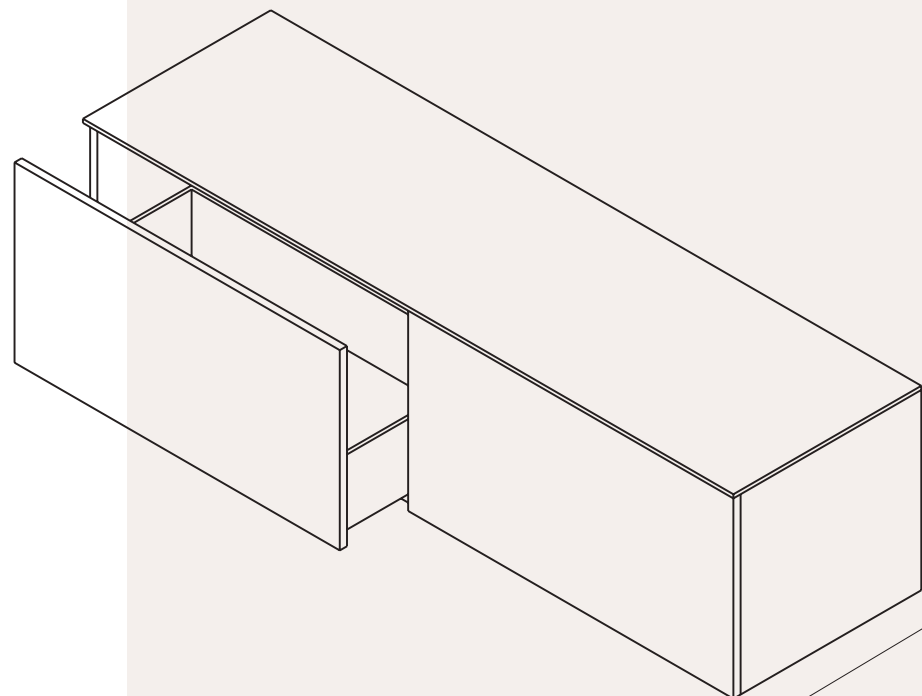

ERGONOMICS AND SPACE

Advanced Modularity and Comfort

PuntoTre furnishing systems stem from rigorous ergonomic analysis of movement and workflow in the bathroom. Every storage unit is optimized to guarantee exceptional capacity, smooth operation, and maximum daily accessibility.

GREAT DESIGN FREEDOM

CROSS-COLLECTION FLEXIBILITY AND WIDE SELECTION OF MATERIALS AND FINISHES.

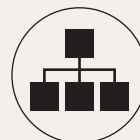

The PuntoTre ecosystem breaks free from the limits of individual models, enabling designers to mix cabinet structures, finishes, and opening systems across collections..

Cross-Model Compatibility

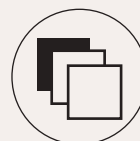

Finishes, modules, and carcasses communicate seamlessly across models. Elements from different collections can be combined into a single coordinated project without ergonomic constraints.

 [Watch Video](#)

Structural Integration

All opening systems (gola groove, handle, push-pull) and dimensional modularities are engineered to be interchangeable.

Over 200 Finishes for Furniture

150 lacquered options (50 matt, 50 gloss, 50 soft-touch), 25 laminates, 4 metal-effect lacquers, 6 wood veneers, 3 real wood fluted finishes (Round model), 11 polymeric finishes (Vertigo, Vertigo Evolution, Reverso models), 6 Deckblend finishes, 20 Microresina finishes, Glaks (glass imitation on the Alto model).

ABOUT US

We are a company built by people who, for over 40 years, have poured passion and commitment into the bathroom furniture market, positioning ourselves among the benchmark brands for efficiency, innovation, and quality in Europe and worldwide.

Our strength lies in a lean, flat organization conceived as an open, collaborative ecosystem: a dynamic environment where decisions move quickly and every team member is driven daily by the desire to push boundaries and far exceed customer expectations. We firmly believe in human values and seek the same philosophy in our partners: reliable partners with whom to share an unrivaled product range and modularity, growing together and redefining industry standards.
